EBD 99  
EMAAR BUSINESS DISTRICT

*The single most common objective, for generations of business owners is to become successful.*

*Success is 'back-to-the-wall' rigour, working on a blueprint and vision. Hours of strategic and operational exercises, taking risks, making those crucial decisions. In turn, achieving the ultimate goal – stability, growth and sustained profits.*

*Rare is the unique business offering that is designed, premeditated and geared for assured success. Blending vision, brand, location, market dynamics – a blend that borrows from data, research, execution, poised against the bulwark of a pedigreed developer – arguably, one of the world's finest.*

*An iconic business address at an emerging growth corridor.*

*An opportunity designed to attract immense returns to your investment.*

*And a developing but vibrant environment with immeasurable scope for growth.*

*Making it big. Made just a little bit easier.*

## Shop-Cum-Office (SCO) Plots: *The new paradigm* in commercial assets.

Geared to appeal to the smart investor and leveraging on native market demand, these mixed-use retail and commercial usage plots, also known as SCO plots are a modern commercial concept with benefits inherited from the traditional concept of a marketplace, in a well-populated catchment. This asset class from Emaar offers the flexibility of owning a premium commercial land parcel with well-planned infrastructure, a plethora of common amenities, services and facilities. Also, it gives the flexibility of developing it at the owner's pace. The format usually sees retail units on the lower floors and office spaces on the upper floors, and borrows from the advantages of a successful open market model with immaculate planning and execution.

A few examples of this concept are the GK 1 & 2 markets in South Delhi, the posh and plush Khan Market in New Delhi, Sector 29, 14 and 15 in Gurugram and the famed Sector 17 in Chandigarh.

## Advantage EBD 99, Dwarka Expressway.

Rapidly coming up as a preferred destination for homebuyers in Gurugram, Sector 99 has to its advantage, all essential social amenities such as schools, reputed hospitals, banks, the proposed Metro<sup>#</sup> station and multiple roadway transit options – close at hand. The well-established connectivity to Sector 99 through Dwarka Expressway, Pataudi Road, Gurgaon Road and Hero Honda Road makes this address seamlessly connected to all parts of Delhi and Gurugram.

Gurugram has continued to grow at a rapid pace, both in terms of population and infrastructure. The backbone of the same - the 27.6 km long Dwarka Expressway (National Highway) also known as Northern Peripheral Road is poised to be the alternate to NH 48 and is assumed to take traffic of minimum of 2 lakh passenger car units per day. The country's first grade-separated urban expressway and its periphery is already home to many leading corporate and retail establishments. Sector 99 is shaping up as the most sought after residential sectors in Gurgaon and EBD 99 has the advantage of a premium location, being right on the 150 metre Dwarka Expressway.

# 5 reasons why EBD 99, Gurugram, offers a compelling business proposition.

## Supreme Connectivity

- Quick access from Delhi and Gurugram
- Direct and swift access to Dwarka Expressway, Pataudi Road, Gurgaon Road and Hero Honda Road
- With NH 48, Dwarka Expressway and the Kundli-Manesar-Palwal Expressway in close proximity, EBD 99 is at the heart of all action in Gurugram

- Right on Dwarka expressway
- 10 minutes from Hero Honda Chowk
- 10 minutes from NH 48.
- 10 minutes from the Diplomatic Enclave
- Close proximity to Interstate Bus Terminal and proposed Railway Station
- Close proximity to the Dwarka-Gurugram Metro corridor

## Dwarka Expressway

- The nerve centre of Gurugram and the most advanced project in the country
- An engineering marvel of its own
- Total length of 27.6 km
- Begins from Shiv-Murti on NH 48 and ends near Kherki Daula Toll Plaza
- India's longest (3.6 km) as well as the widest (eight-lane) Urban Road Tunnel
- Comprises India's first-ever 9 km long 8-lane flyover (34 meter wide) on a single pier with 6-lane service roads

**DID YOU KNOW?** The project will involve an estimated consumption of two lakh MT of steel in total, which is 30 times that of the Eiffel Tower in France.
