INVESTMENT OPPORTUNITY

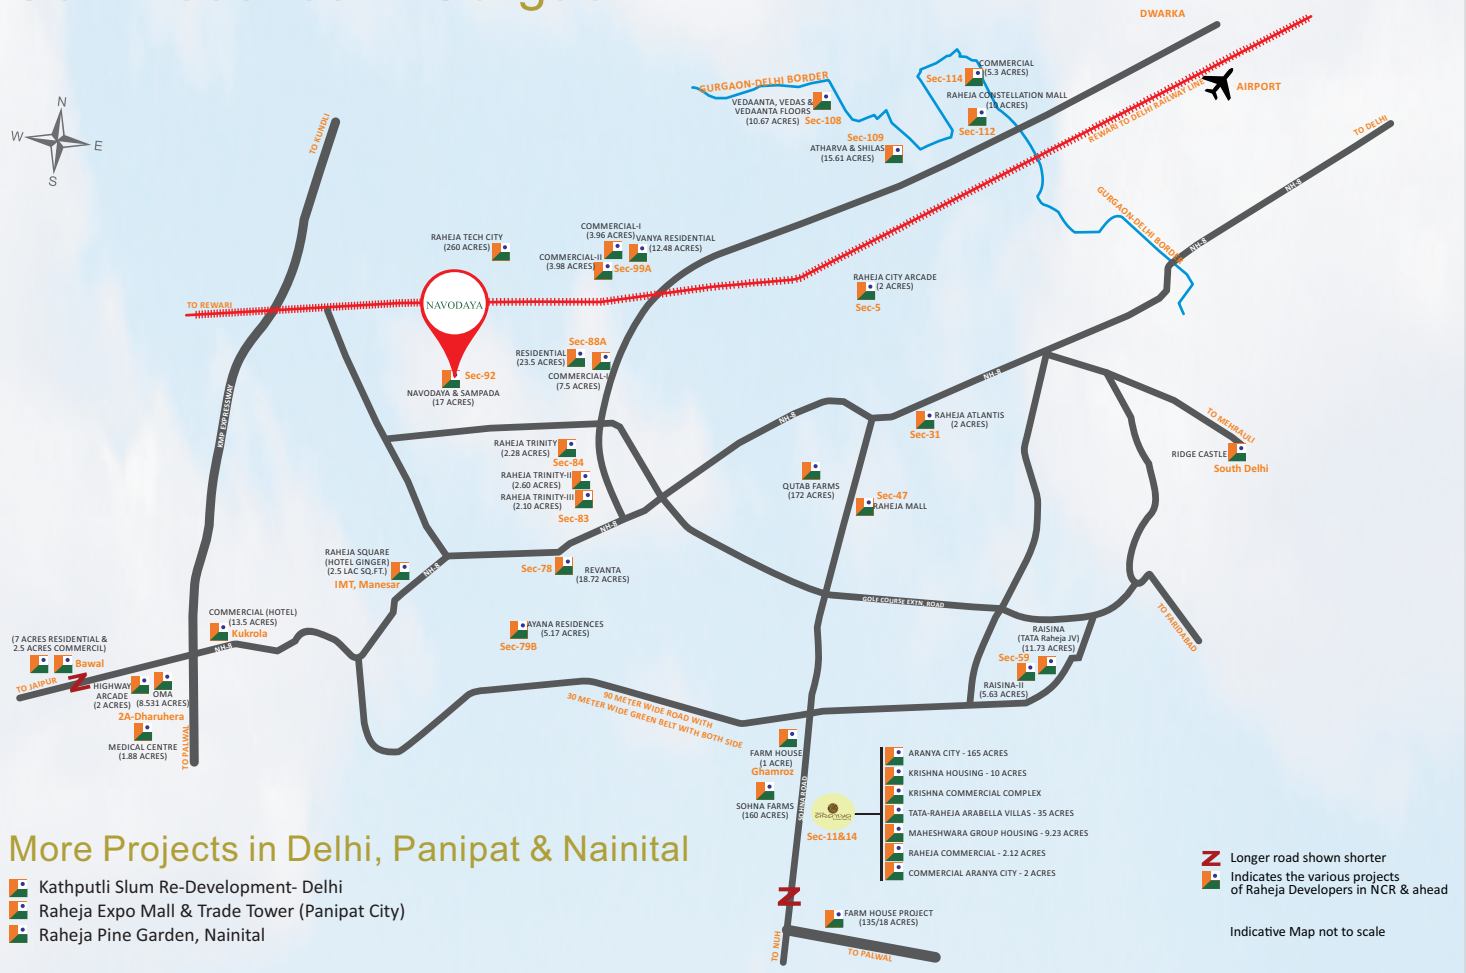

IMT manesar alone will have a shortfall of over 5 lac housing units. The desperate demand and supply ratio for housing will only fuel further escalation of prices.

Navodaya is located at one of the most sought after destinations in the NCR which is going to be the foremost industrial hub in the future. If we look back a couple of decades, what started with just one factory of Maruti, has today emerged as the “New Millennium City of Gurgaon” with industrial estates of Manesar and Dharuhera catering to various corporates and business houses. HSIIDC has already acquired 1746 acres in IMT Manesar and another 3325 acres is under acquisition for further industrialization.

Various multinational companies and business houses are already established in the area and it is expected that due to the further economic revamping, an approximate work force of over 10 lacs technicians and executives would be having gainful employment in these industries. Thus, this area is likely to see a huge demand for residential property from the workforce to be employed by these companies.
